

## 21 Days of Awakening

Take some time to evaluate your life and focus on where you would like to be next year in your personal life and in your relationship with God. The next twenty-one days are designated for a time of commitment, in prayer and fasting as we draw nearer to God and seek to awaken His purpose in our lives.

**Fasting** is a consecration of sacrifice. Each week choose to do without something that you enjoy:

- A favorite beverage (coffee or soft drinks)
- A meal a day (or several meals in the week)
- All food for a day (only drinking water)
- Meats or Sweets (something you normally enjoy)
- Consuming only liquids (fasting solid food)
- Social media or entertainment (spend time with God)

During this time of awakening also spend time **Praying**.

- Seek God's direction in your personal goals and desires.
- Pray for our relationships, family and friends. Pray that we may be more viable in our witness of the Gospel of Jesus Christ
- Reflect on the character of God. Get a glimpse of His glory and worship His majesty.
